

# Northern EMEA Mental Health Awards

We are very proud to confirm that we have won a number of awards relating to our work around Mental Health.

VMware Cork won the **Chambers Ireland CSR Award** for excellence in the workplace on the 19<sup>th</sup> of September 2019. The award was given in recognition for the work done during our Mental Health month in October 2018 where we focused on building awareness of the importance of mental health in the workplace combined with service learning with Mental Health organisations. We thoroughly enjoyed our Mental Health month and were so proud that it was recognized at a national level!

# Northern EMEA Mental Health Awards

IT@Cork awards – we won the Best Place to Work which recognised our passion for development, diverse culture and focus on resilience and wellbeing.

# Northern EMEA Mental Health Awards

VMinclusionCork have won the national IDA award in the category of 'Commitment to Diversity'. For this submission we focused on the launch of the Resilience & Disability Pillar and the amazing work underway in terms of Mental Health awareness and Disability Inclusion ensuring all employees, current & future, feel supported bringing their whole authentic selves to work.
